Smaller Towns Getting Nod By Industrial Site Seekers

Proving the old adage that "Success begets success," a new industry hiring at least twenty more people in the beginning and financed entirely by the manufacturer is coming to Cameron and to be ready for operation by the middle of June.

The Walled-Lake Door Manufacturing company has diverted plans, according to Colonel Jay Holmes, vice-president of the company, to build a new plant for the manufacture of DOOR JAMBS. The entire output of the factory has already been negotiated for the Colonel said.

President Quinif of the Walled-Lake Company, in Cameron for a few days last week praised the splendid cooperation his firm has received from county officials the industrial committee of the Chamber of Commerce and in fact everybody who had been asked for assistance.

Decision to take the plant from the Gila Bend, Arizona site was based on the available labor market. The market in Cameron, the president said, is of a higher type, more dependable and more per-

manent. In contrast the labor market at the Arizona installation is more transient.

The employees in the new plant will have to be of a bit higher skilled class than in the door plant it was stated.

The new factory will go up just north of and adjoining the Walled-Lake plant which is on the old Waco road.

A news story in the Belton Journal on April 6 tells of a Chicago

manufacturer of little boys pants which is considering six Texas towns of less than 15,000 population for manufacturing their garments. These towns are Cameron, Belton, Stephenville, Jacksboro, Cooper and Clarksville.

Said the Belton Journal story "The Industrial Board, with less than \$15,000 in its kitty, could not sponsor the new industry without added capital. They are remembering that Cameron recently raised \$40,000 in a few hours to outfit Belton for an industry, and are wondering how to raise a capital fund to attract either the presently proposed industry or another one in the near future."

The garment factory which Texas Power and Light officials are negotiating with but cannot reveal the identity of the plant assures that it will have an annual payroll of \$260,000. It would initially employ 100 women and unlike other industries of this type, it would not require a ready labor pool of trained workers, as it would train its own workers. Minimum wage rate of \$1.00 per hour would prevail, bringing a weekly payroll of \$5,000, including supervisory and administrative

Police Chief To Rigidly Enforce Traffic Laws

Willie L. Dolan, 33, comes to Cameron as its first Chief of Police.

Taking over the helm of Cameron law enforcement Monday, Dolan said that traffic laws will be strictly enforced, with warnings being issued on first offenses for a while and later on strict disciplinary action. He said further that his department will patrol continually day and night.

Chief Dolan was wounded in action twice in Germany as a member of the 87th Infantry Division under General Patton. He later served in Japan and as a paratrooper in Korea. His medical retirement came in 1954 as a Chief Warrant Officer. He joined the service in 1941.

Moving into the new position in Cameron from a department job on the Rockdale force Dolan, his wife and family will reside at 203 East Seventh Street. His children are Michael L., 5; Brenda Gay, 9; and Judy Lynn 11. The family will attend the Methodist Church.

Dolan has formerly served on the Belton police force for three years and then went to Rockdale where he could get more money. His defection in Rockdale came after he did not feel that his superior backed him up in an arrest. He took the job in Cameron for \$300 per month which coupled with his retirement pay will take care of his family.

The chief and his wife were both born in Mississippi.

"Last Stitch" By Dr. Crosthwait To Be Reviewed

Dr. W. L. Crosthwait is scheduled to be heard over radio station WACO at 11:30 a.m. Tuesday, May 1.

The Waco physician-surgeon, who will be 83 on May 2, will be interviewed about his book, THE LAST STITCH, on Miss Mary Holliday's program.

THE LAST STITCH, to be issued on the doctor's birthday, was written in collaboration with Ernest G. Fischer, Texas and New Orleans newspaperman, and was published by J. B. Lippincott Company, Philadelphia.

Teachers Hired With Salaries Unchanged

All white school teachers were re-elected in Cameron at a recent meeting of the school board at salaries as published by the former school board plus Mrs. Herbert Nance and Anita Dusek who were rehired following leaves of absence.

Jerry Stuth will be going into the service at the close of the school year and Leon Brady will go to Buckholts it was disclosed at the meeting.

Colored school teachers will be elected at a meeting nearer the end of the school year, it was explained, so that a more accurate picture of the attendance record, upon which the Gilmer Aiken pay schedule is based, will be available for the entire school year.

In the matter of replacing coach Jerry Stuth it was the thought of member Don G. Humble that as a matter of policy a full time teacher should replace the coach. Humble explained his theory in stating that "My best physical education was in Naval Boot Camp and the instructor was in a business quite foreign to athletics outside the service." Humble's thinking if judged by the unanimous vote of the board, was followed to the man. "It is not my thought that physical training should be ignored, said Humble, but that a wider participation than is allowed in the traditional sports be sought."

A discussion of paying coaches above the Gilmer-Aiken schedule when teachers with many years of experience are not given bonuses received the answer from Superintendent Hanes. "Adminis-

Crime Doesn't Pay

THIS UNPOSED picture was taken on the F. W. Vogel-sang Turkey ranch after the dead criminals in the foreground were caught in the act by Federal men after their "last" marauding escapade. Wolves in Milam County are the cold blooded type who kill for the pleasure, eating only a small portion of their prey.

Next Week's Herald To Contain A Houston Post Political Tabloid

On Thursday, May 3, the Cameron Herald will contain a non-partisan special political section to aid and encourage effective political participation on all levels.

This authoritative edition will be published by the skilled editorial staff of the Houston Post and will sum up the main trends of the past year, and present a clear, concise picture of what's to be expected in the months ahead.

The 16 page tabloid is being offered as a supplement to 67 Texas newspapers for use before the May 5 precinct conventions.

The Houston Post is preparing this factual tabloid as a public service endeavor to help readers

become better informed citizens. It will be the most comprehensive survey of national, state and local election procedures available to newspaper readers.

Clubs Booking Unique Film On U. S. Tomorrow

An unique educational, moving, talking film is being shown in Cameron this week to organizations and service clubs. The movie will be here for four days from May 1 through May 4 and additional bookings may be obtained by telephoning Ben Magness at 997.

The movie is "People Products and Progress For The Next 50 Years in the United States," and is shown by Ben Magness and his company.

Showings scheduled now are: The Lion's Club at noon on May 1 and on that evening at the Father and Son barbecue of the Baptist Brotherhood at the Narvie Caperton Lake. On May 3rd at the Kiwanis Club.

First Grade Registrants Due At Schools May 1

Registration of pupils who begin school next year in the first grade will be held at the Ben Milam Cafeteria on May 1 and 2 from 2:30 to 3:45 p.m. said principal Wiley Loughmiller Tuesday.

The colored first grade pupils will register at the O. J. Thomas school.

Parents are urged to register their pupils at this time and place on file birth certificate and small pox vaccination certificate.

Juvenile Entry Makes Citizen "Hopping Mad"

A carton and a half of cigarettes is not much of a theft to report nowadays but the forced entry of Dave N. Rogers modest living quarters on highway 36 across from the B. Slocumb Trailer Courts has made the owner "hopping mad."

Rogers feels that the time has come to put a stop to the juvenile depredations in Cameron. He was away working in his watermelon patch when some youths tore away the tar paper from the rear of his shack, entered and made away with the small loot.

"There is something radically wrong when we can find out who the boys are and even then nothing concrete is done about it," after he had reported the week-end escapade to authorities.

Rogers tried to get some business men to meet with him and discuss the matter but all failed to show up at the 10 o'clock appointed hour at the Sheriff's office.

Ada Henderson Students Sweep Interscholastic Meet

Cameron's Ada Henderson students took first place in all but one literary event in the interscholastic league competition held in Cameron Friday April 20.

In track and field events which included tennis, volleyball and playground ball the youngsters were led by Belton and Killeen.

Cameron's literary score was 72 points with Killeen next with 46, Rockdale third with 24 and then Belton with 15, Deannville scored 2 points and Buckholts 7 with Dime Box failing to place a winner in the literary events.

Other schools participating but failing to place were Gause, Davilla, Marak and Sharp.

The track and field points total-

ed 60 for Cameron, Belton 38, Rosebud 37½, Killeen 20, Deannville 15, Rockdale 4½, Buckholts 2½ and Dime Box 2½.

All-round championship points read like this: Cameron 137, Killeen 76, Belton 68, Rosebud 47½, Deannville 17, Buckholts 9½ and Dime Box 2½.

Council Votes To Require Sewer Connections In Special Meeting

With a special agenda to find out whether anything in the organizational chart for the city is contrary to the intent and purpose of the Charter Commission the Council met with some members of the charter commission Friday night.

It was found that the organizational chart, drawn up by councilman Clifford Thompson almost precisely met all the intents of the charter commission.

Under the chart Councilman Thompson shows the citizens at the top with the council answering directly to them on policy.

In the course of the discussion a Planning Commission was added to those answering directly to the Council. The auditor, fire chief and the health officer, the chief of police, fire marshal and the city secretary were the remainder of the list of employees answering directly to the mayor

and council.

The city secretary handles most of the administration of city business directly. Therein is the crux of the new set-up with all requests and complaints of the citizens which call for administrative attention going directly to the City Secretary. This is in contrast to the old system wherein the councilmen in charge of certain committees took all the complaints directed to that phase of government. The new system, it was pointed out, will obviate the burdens formerly placed on the councilman who receives only token payment and that for service which is now restricted to policy making and policing.

During the discussion with the charter commission members Councilman Thompson pointed out a story in the current magazine of League of Municipalities which tells of the combining of the fire

Ceremony To Attend Opening Of Cornerstone On Yoe Day

With the construction of the C. H. Yoe High School the Milam Liberal Institute was started on its way into the history of Milam County Education.

At 3 p.m. on May 10 as part of

the traditional Yoe Day in Cameron public Schools the Yoe High Band will play on the grounds of the erstwhile institution preparatory to the opening of the cornerstone containing much history of early day Milam County.

H. B. Pressley, chairman of the School Board, will introduce Oxsheer Smith who will talk briefly to be followed by words from Weems and Pressley.

The cornerstone will then be opened and the contents surveyed and photographed. Miss Ada Margaret Smith of the local Historical Society will be in charge of the inventory. Miss Smith has indicated that representatives of the Texas Historical Society may be present for the occasion.

Next will follow a talk by John B. Henderson and the band will close the ceremony with a concert.

The program is being sponsored by the Cameron Independent School District Board of Trustees under the chairmanship of Dr. David Shapiro.

Kiwanians Money Doesn't Come Easily For Children's Fund

Five hundred and fifty paid admissions to hear and see the Clyde Chesser Show sponsored by the Cameron Kiwanis Club, Monday night at Simon and George Memorial Hall.

The Kiwanians who sponsor such events on behalf of their underprivileged children fund realized a net out of this show of \$59.18 said the club president, Billy Black.

There were 203 advance tickets sold, 245 adults and 102 children were paid at the door.

Notice

"Polio vaccine is now available," was the report early Wednesday morning.

There is enough vaccine available at the Denson clinic to give some 40 or 45 doses to the many people who have called to inquire.

Other doctors have on hand enough for probably one hundred inoculations Dr. Denson said.

Toll Operators Can Be Kept Despite Dial Believes Smith

If Cameron will get in and fight for it the toll operation of the Telephone System can be retained in Cameron rather than having to go, as a tributary of the Temple office it was explained by Oxsheer Smith at a meeting of Directors at noon Friday.

While we are looking out for new industry and payroll for Cameron let us not overlook the present payroll which we have the bank president said. There are presently 29 ladies, whom you and I know drawing in the aggregate an annual salary of \$83,167

It is a foregone conclusion that we will have the dial system in Cameron which will do away forever with the familiar and cheery hello and "thank you" of the operator. But, Smith declared, we can retain the Long Distance operator. Marlin, in the shadow of Waco, retained its toll operators as did Hearn, Taylor and Lampasas. Cameron now has sixteen Long Distance operators and that alone would mean at least half of the present payroll or approximately \$40,000 per year.

Following a discussion of the impending action of company it was decided to refer the problem of retaining the toll operators in Cameron to a special committee to be appointed to work with the city.

A report of the membership committee made by chairman, Jimmy Wiggs revealed that five members had turned in a total of 15 new members in the recent drive. The drive will continue until all reports are in the chairman said.

Six sponsors of the Cameron scenes on the new picture post cards have picked up their 12,000 cards and they are now on sale the publicity chairman Billy Black announced.

Episcopal Laymen Briefed On Being A Realistic Christian

The Diocese of Texas Episcopal Laymen's Conference was held at Camp Allen near Baytown on April 20, 21 and 22.

Subject of the meeting was "On Being a Realistic Christian".

Conference leaders were The Right Reverend John E. Hines and The Reverend Dick Wheatcroft of Houston.

Attending the conference from Cameron was Dr. George Bowman.

Precinct Meets On May 5 Called Demo Grass Root

Milam County Democratic Precinct Conventions will be held on Saturday, May 5, 1956. Notices of the conventions have been posted by Max McClaren, chairman of the Milam County Democratic Executive Committee; a copy has also been filed with County Clerk, Homer Nabours in pursuant to Texas Election Laws, Art. 13.58 (All89).

Chairman McClaren said that three precincts, in the county will hold their conventions at 7:30 p.m. on May 5. These precincts are Rockdale, Precinct 15; Cameron, Precinct 22 and Cameron Precinct 1. In Rockdale the convention will be held at the American Legion Hall; in Cameron at the Yoe High gym and Courthouse respectively.

All the remaining 42 precincts in the county will hold their conventions at 2:30 p.m. on May 5. These precinct conventions are held at the voting boxes in each precinct unless stated otherwise by the chairman, or executive committee.

McClaren said the precinct conventions are of vital importance to every Milam Countyman. These are "our grass roots" conventions

13 Have Made Political Aims Known In Milam

Thirteen candidates, lucky or unlucky, have filed with Democratic Chairman Max McClaren to get their names on the ballot for the coming Democratic primaries.

Filing first was Judge Raymond Gray for re-election to the post as Associate Justice of the Court of Appeals, Third Supreme Judicial District.

Other candidates filing with the chairman in the following order: W. R. Bob Poage, re-election as Congressman of the 11th District; O. D. Graham, re-election as Judge of the 20th Judicial District; Herman Yezak, Representative of the 56th District; Raymond Dees, Constable of Precinct 1 (Cameron); Ollie Cook, Constable of Precinct 4 (Rockdale); George Gamble, Constable Precinct 5; Carl C. Black, re-election for Sheriff; Valter White, re-election for County Tax Assessor-Collector John Zajick, Constable for Precinct 6 (Buckholts); Jack W. Prescott, for County Attorney; Joe Rieter for Constable Precinct 1 (Cameron); and Jarrard Secrest, re-election as Senator of the 13th Senatorial District.

Candidates have until midnight, Monday, May 7 to file with the County Chairman McClaren, post-office address, Box 8, Cameron, Texas in order to get their name on the ballot for this year's primaries.

Offices up for re-election this year are District Judge, County Attorney, Sheriff, County Assessor-Collector, all Constables Precincts, Representative District 56, Senatorial District 13, Congress-

AND THIRTEEN MAY - BACK PAGE

LITTLE RIVER PHILOSOPHER LIKES SOIL BANK IDEA, BUT WONDERS IF CONGRESS IS THINKING FAR AHEAD

Editor's note: The Little River Philosopher on his Little River grass farm at Little River discusses soil banking this week, a subject he knows about as much about as he does financial banking.

Dear editor:

I was out here wandering around over my farm yesterday speculating on where I'd put my soil bank if Congress passes one, as I understand it, gets passed, it'll be too late this year actually to take any land out of cultivation, but the government will go ahead and pay us on the basis of fifty per cent down and the balance next year, so a thinking man ought to be figuring out now where he wants his idle land to be located.

Now here's the thing - it looks like the proposed bill is liable to be discriminatory. You take a man like me, who foresaw the surplus coming years ago and let a lot of his land lay out, it seems to me I ought to get the full payment this year. If the purpose of the bill is to pay a man for refusing to contribute to the surplus, it seems to me the farmers who are already in the swing of the thing could be paid this year.

I can show you pieces of land

out here on my farm which haven't contributed to the surplus in years, and I believe I'm entitled to some back pay for my far-sightedness.

Furthermore, as I understand the bill, the idea is to take some land out of cultivation, then plant some soil-building crops on it, lock the cows out, and let the fertility accumulate, with the government footing the bill. Keep your crops in an underground soil bank instead of in a price-depressing warehouse, is the idea.

Now this is a fine program, but I hope the government is thinking ahead and is prepared to stay in the soil banking business for a long time. This can't be no fly-by-night scheme. You let farmers build up a part of their land to where it'll produce twice as much as it is now, and then in a few years close the bank and let them start planting on it again, and the surplus we've got now will look like the end of seven years of want in Egypt by comparison to the one we'll have then.

As I see it, either the country has got to learn to eat and wear more, or when Congress writes that soil bank bill it had better put in a requirement that the land still to use be farmed in the worst manner possible, rows running down hill and the land exposed to washing, so when we switch over to the built-up land, we won't be right back in the surplus business. It looks like what we need is for half the farmers to be soil bankers and the other half soil bank robbers, if this thing is ever to come out even.

As it is, it looks like Congress is fixing to pay us for being better farmers, surplus-producing farmers with a vengeance, five years from now, when what we really need is worse farmers, non-surplus-producing farmers. Personally, I'm glad I'm not a Congressman.

Yours faithfully,
J. A.

Draft Board Reclassifying 450 Registrants

At a regular meeting this week, the Milam County Draft Board will begin the reclassification process on about 450 registrants who are presently classified I-C Reserve and I-C Discharge. Most of the men will be reclassified IV-A, which is a new designation for men who have completed their service obligation. "Those registrants who receive new classification cards with the IV-A classification shown should not be alarmed," says August G. Kunz, Chairman of the board, "as it means simply that the I-C Reserve and I-C Discharge classifications have been discontinued and replaced by the IV-A designation."

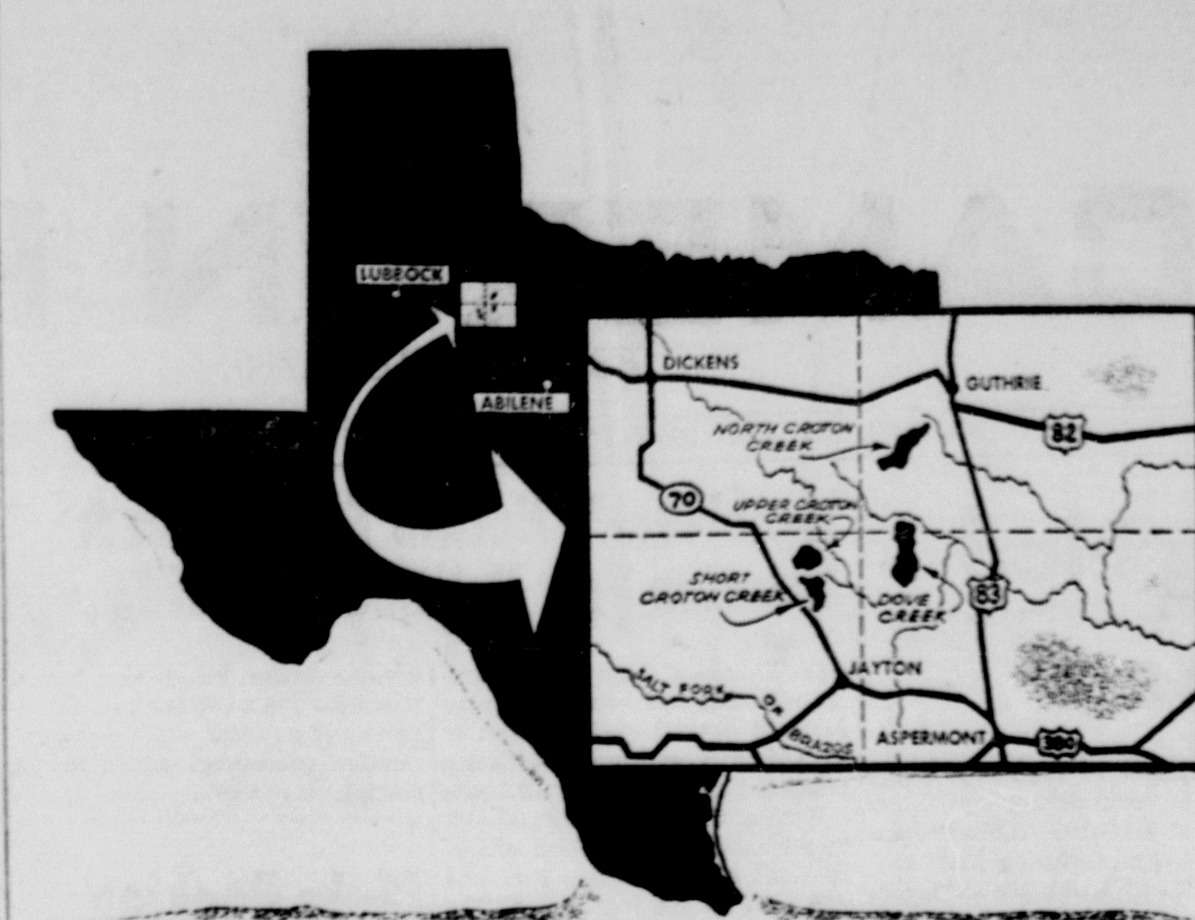

Mr. Kunz says further that a small handful will not qualify for IV-A, even though, under the old regulations, they qualified for I-C Reserve or I-C Discharge. Under the new regulations, a man with six months active duty, but less than 12 months active duty, will not qualify for reclassification action from I-C Reserve or I-C Discharge to IV-A unless his discharge was accomplished for convenience of the government. If the registrant had less than 12 months active duty and his discharge was because of hardship, then he has something to worry about.

11th Congressional Legion District To Meet April 28-29

Legionnaires and Auxiliary members from the 11th Congressional District will assemble in Temple Saturday and Sunday Spring Convention, Post Commander Charles R. Harris announced today.

Festivities will get under way with registration and social hour at The American Legion Hall, from 5:00 to 6:00 P.M. Saturday afternoon. A dance at The American Legion Hall will be held Saturday evening at 9:00 P.M.

The Convention will get down to serious business Sunday morning at 9:15 A.M. The welcome address will be delivered by Bert Camp, past fourth division commander.

SOURCE OF SALT in the Brazos River, which helps to irrigate much of the heart of Texas, is being studied by the Brazos River Authority as part of a long-range program to relieve salt pollution. This map shows the location of salt flats that are responsible for more than 40 per cent of the salt in the river.

mander, Temple. Response will be by Dr. Ira F. Kerwood of McGregor.

The Convention will recess at 10:40 A.M. in order that the visitors may attend the church of their choice in Temple.

The business session at 2:15 P.M. will hear reports of the standing committees of the District, and will also hear an address by Col. C. B. S. Edmundson, Manager of the Domiciliary at McCloskey Veterans Hospital. Delegates to the National Convention of The American Legion will be elected at this session.

Plant Or Release To Keep History OCBA Pleads...

The Old Cotton Belt Association of Texas is strongly urging all cotton farmers to plant their full allotment, officials of the organization said this week-end.

"If the cotton farmer plants less than 90 percent of his allotment, he loses in history and the county loses history, which in the aggregate would cause the county to lose acreage next year," Pres. E. O. Lundgren of Elgin declared. "The farmers who have allotments and who do not intend to plant should release their allotments at once to the county Agriculture Stabilization and Conservation Committee so that the acres may be redistributed."

Mr. Lundgren went on to say that the O.C.B.A., through long and hard work, got more acreage for most of the counties in Central and East Texas for this year and it is now working to get still more for 1957.

The State ASC committee will begin its study of the formula for 1957 at its June meeting. Various groups asking for allotments will be invited to attend. The O.C.B.A. officers are now making their plans for this meeting.

Mr. Lundgren pointed out that the organization now has members in 59 South and East Texas counties, one county alone sending in receipts for 615 members the end of the week.

Good Corn On Temple Farm Despite Drouth

Treatment of 16 acres of steep sloping blackland for 5 years with hubam clover on Valentine Maruna's farm east of Temple, is showing good results.

Maruna reports very little loss of rainfall from this field the past year. His corn is holding up well in spite of the dry weather. This is the first year a crop has been planted on this land in five years it has been grazed lightly each year. The soil tilth and structure are in very good condition to take fast rainfall and to store up a lot of moisture.

Beef Under "Ernions" Is Economical Menu And Oh Sooo Good

The supplies of beef and onions in the southwest area are so plentiful that the U.S. Department of Agriculture has given them the feature spot on the May plentiful foods list.

Beef production is running from 15 to 20 percent higher than last year, at this time and wholesale beef prices are averaging 10 to 15 percent lower.

With the acreage planted to early spring onions averaging a third more than last year, a bumper crop is now moving into marketing channels. Shipping point prices are about half what they were at the same time last year.

Other foods plentiful in this area include broilers and fryers, milk and other dairy products,

grapefruit, dates, canned and frozen cherries, rice, peanuts and peanut butter, lard and dry beans. "The official plentiful foods list for this area is based on food stocks reported to the southwest food distribution division, Agricultural Marketing Service, Dallas.

The American Red Cross is now supplying 75 percent of all serum albumin in the United States used in severe shock therapy, burns, kidney and liver disease.

To help their young friends who were victims of the recent floods and avalanches in Yugoslavia, the American Junior Red Cross has shipped 15 tons, worth \$7,000, of children's clothes and shoes to Belgrade for distribution to the youngsters.

Mr. R. H. Fisher, 90 Dies In Waco, Rites Held In Cameron

Mr. R. H. Fisher, 90, died at the home of his daughter, Mrs. Sallie Ditto in Waco at 11:45 a.m. Thursday.

Mr. Fisher was a longtime resident of Milam County.

He is survived by six sons: Fred Fisher of Houston, D. J. Luther, Mann, Benton, and Hugh Fisher all of Waco.

Seven daughters, Mrs. C. M. Beacham of Cameron, Mrs. Allie Foller of Baird, Texas, Mrs. Sallie Ditto and Mrs. Eula Altenhoff both of Waco, Mrs. Walter Taylor of Houston, Mrs. Donnie Arrigerman of Houston and Mrs. Ruby Jaye of Belton.

Two brothers, Albert Fisher of Dallas and Tommy Fisher of Houston. One sister, Mrs. Edward Black of Cameron and 44 grandchildren, 60 great grandchildren and eleven great, great grandchildren.

Funeral services were held at 2 p.m. Friday from the Green's Funeral Home with Rev. W. O. Hopson pastor of Miller Heights Church in Belton officiating. Burial was in Liberty cemetery. Pallbearers were his grandsons.

Sharp Lutheran Ladies Meet With Mrs. Laffere

Mrs. Leon Laffere was hostess for the Lutheran Women's Missionary Society at her home on Thursday afternoon.

Mrs. Henry Abel gave the Devotional.

The Rev. F. T. Sager led the Bible study, which was taken from the First and Second Corinthians.

The hostess served refreshments to 15 members and one visitor, Mrs. Lanell Jacoby.

Salvation Army "Prison Sunday" Is April 29

Sunday, April 29, will be observed as "Prison Sunday" by The Salvation Army throughout the nation, and special services and observances will be held in prisons in all sections of the country.

In Texas, Salvation Army officers will make special visits to jails and other penal institutions. These will be carried out in all cities where Salvation Army officers serve, and will be in addition to regular work done throughout the year with prisoners and their families, according to Lt. Colonel John A. Morrison, Texas divisional commander.

The work of The Salvation Army with prisoners began in 1885 in this country, and has gradually grown to include many phases of penal work. Not limited merely to services held in prisons, Salvation Army officers carry on a religious and welfare program inside 1200 penal and correctional institutions in this country. Not only is work in counselling carried on with the prisoners, but welfare work is also done for the families of prisoners, particularly at the Christmas season.

Work with the men is continued when the prisoner is released and needs help in re-adjusting to society. Since penologists state that ninety-eight percent of all offenders are now returned to civil life, this work of prisoner rehabilitation becomes increasingly important.

CARD OF THANKS

The family of Evelyn Kaatz Taegel wishes to express our thanks to our friends and neighbors for their floral offerings and words of sympathy and service during the illness and death of our beloved wife, mother, daughter and sister. Especially do we thank Mr. and Mrs. Joe Glaser, the Marek-Burns Funeral Directors, and the Rev. Pietsche for his kind message.

To the nurses and doctors of Cameron hospital "May God Bless all of you."
Harold Taegel Family
R. F. Kaatz Family

INTRODUCING:

Miss Cathryn Marie Ashley, seven-pound, fifteen ounce daughter born April 12 to Mr. and Mrs. Raymond Ashley of Sharp in the St. Edwards hospital.

Grandparents are Mrs. Maggie Tucker of Cameron and Walter Tucker of Galveston.

More than 40 million people will help celebrate a birthday on May 1 - the 15th anniversary of the Series E United States Savings Bond.

News From Buckholts

MRS. J. W. MEYER

Guests in the R. F. Kaatz home are his daughter and son-in-law, Master Sergeant and Mrs. Aubrey Weldon stationed at Edwards California. They came to attend the funeral services Tuesday for her sister, Mrs. Harold Taegel. Their son and daughter-in-law, Mr. and Mrs. James Kaatz also remained for a few days and have now returned to their home at Velasco.

Mr. and Mrs. Tal Woodward and their son's family, Mr. and Mrs. Udell Woodward and Dale of Houston spent Friday in San Antonio as guests of Mr. Woodwards sister, Mrs. Kitty King. While there they saw the "Battle of Flowers."

Week-end guests of Mr. and Mrs. Charles Hundle were their children, Master Sergeant and Mrs. Arnold Orsag, Deane and Wanda Joyce of Huntsville, Mr. and Mrs. Mike Wasserman and Debby of Barclay and Miss Dorothy Hundle who is employed at San Marcos.

Mr. and Mrs. H. E. Garlicks had as week-end guests their daughter's family, Mr. and Mrs. O. W. Benold and son, Michael of Brenham.

Rev. Jack Berry, pastor of Buckholts Methodist Church and Mrs. Berry were hosts Saturday and Sunday for a family get-together when all their children and grand children were here for the occasion except their son, Lloyd Berry of Lubbock who was unable to attend. Guests include these three daughters and their families: Mr. and Mrs. J. T. Hutchins, of Dallas; Mr. and Mrs. James W. Collins and daughter, Leslie Frances, of Los Angeles and Mr. and Mrs. R. V. Houston and Curtis, San Antonio, and grand children, Mr. and Mrs. Edwin G. Smith Jr., of Houston.

The family attended 11 a. m. worship service Sunday at First

Methodist. Rev. Berry baptized his great grandson.

Mrs. Millie Krall had as week-end guests; her son and daughter in law, Mr. and Mrs. Rudolph Krall of Houston. Another son and family, Mr. and Mrs. J. Z. Krall and son of Cameron were Sunday guests.

Mr. and Mrs. Emil Balusek's guests were her brother's family, Mr. and Mrs. Frank Wentercek and Maxine and her sister and husband, Mr. and Mrs. Arthur Johle of Taylor.

Alvin Dusek In Spring Meeting Of Presbytery

Alvin Dusen, Elder of the Session at the First Presbyterian, attended the spring meeting of the Presbytery in Corsicana on Tuesday as a representative of the Cameron church.

A & M Poultry Club Elects Officers

Don M. Brookman, of Cooner, a poultry husbandry student at Texas A. and M., has been elected president of the Poultry Science Club for the coming year.

He succeeds Monroe Fuchs of Cameron. Other officers elected by club members include: Samuel White of College View, vice-president and representative to Agricultural Council; Johnny Cates of Gilmer, secretary; A. M. "Buddy" Lindeman of Gonzales treasurer; Bob Foster of 208 Mission, San Antonio, reporter, and James Beran of Temple, manager of the 1957 Texas Chick, Poultry and Egg Show.

The F bond is no longer just a government security - it's a "Way of life" among more than 50 million Americans.

SIZZLING PERFORMANCE? Don't let 'em kid you! Hot talk doesn't change the cold facts:
Dodge is America's performance champion! Get behind the wheel and...

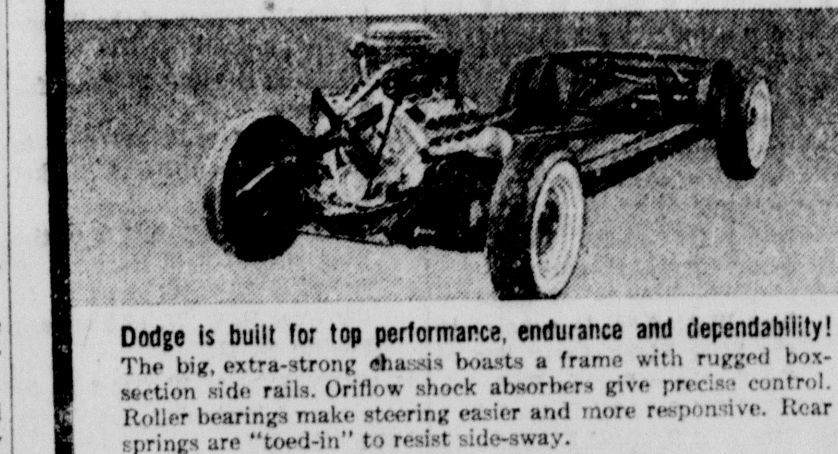

DISCOVER THE DIFFERENCE IN DODGE!

It licked the pants off American stock cars and made expensive European sports cars blush! At the Bonneville Salt Flats, the '56 Dodge shattered every record in the book - 306 official AAA records in all, including 27 world's unlimited records held by European sports cars!

Whipped all cars at Daytona Beach, too! 260 hp. V-8 engine outperformed all cars in the recent NASCAR acceleration runs.

Just push a button and GO! A touch of your finger commands the break-away power of the Dodge engine. Dodge push-button driving is safe, sure, automatic—and mechanically perfect.

Dodge is built for top performance, endurance and dependability! The big, extra-strong chassis boasts a frame with rugged box-section side rails. Overflow shock absorbers give precise control. Roller bearings make steering easier and more responsive. Rear springs are "toed-in" to resist side-sway.

HIT THE "DISCOVERY JACKPOT" ON A BIG, BRAWNY TEXAN

- ★ Big over-allowance on your car
- ★ Rock-bottom price on a Dodge Texan
- ★ Low down payment, easy monthly terms

NOTICE

AN ORDINANCE ANNEXING AND RECEIVING INTO AND AS A PART OF THE CITY OF CAMERON, TEXAS, DESCRIBED TERRITORY ADJOINING THE PRESENT CITY LIMITS TOGETHER WITH THE INHABITANTS OF SAID TERRITORY.

WHEREAS, the City Council of Cameron, Texas, is of the opinion and has concluded that it is to the best interests of the City of Cameron and of the inhabitants and landowners of the hereinafter particularly described territory that the said territory be annexed to and become a part of the City of Cameron; for the reason that the territory is an integral part of the City and community;

AND WHEREAS, some of the inhabitants and landowners of said territory have made it known to the Council that they desire their land or homes annexed to and into the City of Cameron; and that certain of these inhabitants desire additional services from the City of Cameron, particularly street lights and city maintenance of streets; that many of these inhabitants and landowners desire to assume civic responsibility and to have a voice in the affairs of municipal government; and that the territory hereinafter described has developed and provided necessary additions to the residential areas of the City of Cameron;

THEREFORE: BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF CAMERON, TEXAS:

1. The city limits are hereby extended so that from and after the publication of this ordinance in the official newspaper, the Cameron Herald, in Cameron one time thirty days prior to the date of final enactment hereinafter subscribed, and the second reading and approval of same, at a regular session of said City Council, the following described territory adjoining the present city limits shall be and the same is hereby received and annexed and shall become and does hereby become, a part of and within the corporate limits of the said City of Cameron, Texas, for all purposes, to all intents and purposes as though the said annexed territory had been included within the limits of the City of Cameron as originally incorporated, with all the rights, privileges, immunities and burdens to said annexed territory and the inhabitants thereof as are enjoyed and borne by the other lands and citizens of said City of Cameron, to-wit:

All that certain territory, or body of land, a part of the D. Monroe Grant and W. W. Lewis Grant in Milam County, Texas, more particularly described by metes and bounds, as follows, to-wit:

Beginning at a point in the South line of the Frank B. Stewart tract out of the W. W. Lewis Grant for the S. W. corner of the City of Cameron.

1. THENCE N 19 E 2411.4 ft. to the north side of Batte Street;
2. THENCE N 72-30' W 908.2 ft. to the east side of S. Columbus Ave.
3. THENCE N 20-29' E 1303.5 along the east side of S. Columbus Ave. to the North side of West Main Street.
4. THENCE N 19-30' E 890.9 ft. along the East side of N. Columbus Ave. to the North side of Federal Highway 190.
5. THENCE N 18-40' E 735.5 ft. along N. Columbus to corner.
6. THENCE S 70-43' E 717.8 ft. to a point in the South side of West 6th St. for a corner.
7. THENCE N 20-20' E 1199. ft. along the East line of the E. Vogelsang tract said tract being out of the survey.
8. THENCE N 19-31' E 855.6 ft. to a point for the NW corner of the City of Cameron.
9. THENCE S 70-24' E 1806.0 along W 22nd St. to a point in the West Right-of-way line of the Southern Pacific Railroad.
10. THENCE S 70-24' E 131.3 ft.
11. THENCE S 70-34' E 1568.0 ft.
12. THENCE S 19-26' E 41.8 ft.
13. THENCE S 70-13' E 648.4 ft. to a point in the East R. O. W. line of Federal Highway No. 77
14. THENCE S 70-38' E 1846.9 ft. to the West side of N. Washington.

Texas Press Fight To Correct Election Laws Gaining Support

Solid support of the Texas Press Association and its manager, Vern Sanford, in a suit instituted by a defeated candidate for lieutenant governor, was voted last week-end by two regional groups of daily and weekly newspapers.

Meeting in Amarillo Saturday, 250 members of the Panhandle Press Association voted "that this membership go on record as supporting Vern Sanford in every respect and for protecting the Texas Press Association from the suit instigated by C. T. Johnson and go on record as offering our moral support, financial support and our time in any way.

"We regret that this uncalled for litigation developed," the resolution concluded.

Earlier the same day 200 members of the Gulf Coast Press Association, meeting in Lufkin, voted complete confidence in the integrity of Vern Sanford.

The GCPA resolution provided "that the Gulf Coast Press Association continue its support of the Texas Press Association, its manager, Vernon T. Sanford, and its president, Russell W. Bryant, in the fight being waged to correct the ills of the Texas Election Code, and furthermore be it resolved that this convention re-

Secretarial Saga

WOMEN moved into the business world in great numbers during World War I when their men went to war. Today, women fill 16,000 executive secretarial jobs and 9 out of 10 other office positions.

DICTATING machines and typewriters were invented in the late 1800's. Since then offices have acquired a new look. Modern up-to-date machines, such as the Edison Voicewriter for dictating, which comes in pretty pastels, and is light and pleasant to use, make life easier for secretaries and executives.

National Secretary's Week
April 22nd to 28th

Legal Notice Conforms With State Files

"Thence Southerly with the west boundary line of the Bohemian Church tract to the North boundary line of said Townsite of Buckholts" etc. is an unfortunate designation in the field notes of a legal notice in this paper.

This same notice ran last week giving notice of hearing on petition for creation of Milam County Water Control and Improvement District Number 1 and was compiled by the State Board of Water Engineers.

The reference to the "Bohemian" church tract is of historical significance. The church on that tract now, so we are advised, is known as the CZECH-MORAVIAN BRETHREN CHURCH.

If the designation of the property is objectionable to some then it is unfortunate but this description of the property has to remain the same as presently printed so to make the legal notice (field notes) conform with those notes in Austin, we are told.

Mrs. Adele Slama Bender; Recent Bride, Lives In Washington D. C.

Dr. and Mrs. Warren L. Bender are at home at 4504 South Capitol Street in Washington D.C. following recent nuptials at the Luther Place Memorial church in the District of Columbia with the Rev. Walter E. Freed, pastor of the church, officiating in the single ring ceremony.

Mrs. Bender is the former Adele Slama, daughter of Mrs. Anna Slama of Cameron. She attended George Washington university and is presently employed as a secretarial assistant in the Department of State in Washington.

Dr. Bender received his BS degree at Kent State University and is presently employed as a secretarial assistant in the Department of State in Washington. He received his BS degree at Kent State university, Kent, Ohio, did graduate work at the University of Illinois, and received his Ph.D. in nuclear physics in 1953 from Kent State.

Dr. Bender is a physicist in the Naval Research laboratory in Washington. He is the son of Mrs. Lillian Hovencamp of Ravenna, Ohio.

Nuptial vows were received before an altar flanked on either side with seven tapered candelabra with a background of spring flowers in a pair of gold vases.

Miss Margaret Blackburn, at the organ, and Miss Ruth Skartved, soloist, furnished the wedding music.

The bride, given in marriage by

James DeMaria of Westport, Conn., wore a floor length wedding gown, which featured a Chantilly lace bodice over satin with a bouffant tulle skirt enhanced with mantillas of lace. She wore a single strand of pearls, a gift of the bridegroom.

She carried a white prayer book belonging to Mrs. John R. Rush of Falls Church, Va., which was showered with lilies of the valley and centered with a single white orchid.

Her fingertip veil of silk illusion fell from a Juliet cap of seed pearls and tulle.

Mrs. Robert H. Marshall of Washington, was matron of honor. She wore a waltz length dress of light pink silk taffeta, fashioned with long torso and full skirt. Her hat was a small flowered halo in matching pink. She carried a colonial bouquet of varied shades of pink spring flowers.

Otis Hovencamp, brother of the bridegroom, of Ravenna, Ohio, was best man.

Norman Ansley and Dr. Edmund T. Kleemer, both of Washington, D.C. were ushers.

Immediately following the wedding, a reception was held in Parish hall.

For her daughter's wedding, Mrs. Slama chose a fitted suit of light blue wool gabardine with black accessories and wore a white orchid corsage. The mother of the bridegroom wore a

Billy Wayne Angell Takes Bride In Taylor Church Wedding

In a double ring ceremony officiated by Rev. Theo Krienke, at 5 p.m. Sunday, April 22, at Emmanuel Lutheran church, West Taylor, Miss Helen Jean Wendland, daughter of Mr. and Mrs. Walter Wendland became the bride of Billy Wayne Angell, son of Mr. and Mrs. Earl Angell of Cameron, Texas.

Nuptial vows were received before an altar flanked on either side with a seven tapered candelabra with a background of spring flowers.

The candles were lighted by Ronny Meinarders and Clifford Angell.

Mrs. Edwin Teichelman at the organ, and Miss Joanne Barnes, soloist, furnished the wedding music.

The bride given in marriage by her father, wore a waltz length dress of Chantilly lace over satin. The veil was of French illusion held in place by a scoop type headpiece of pleated tulle and lace trimmed with sequins and pearls.

The bride carried a bouquet of gardenias and wore a string of pearls, a gift from the groom, and, in tradition, wore a ring borrowed from her grandmother.

Miss Nadine Roznovak was Maid of Honor. She wore a ballerina length dress of blue taffeta and carried a colonial bouquet of spring flowers.

Charles Richards, cousin of the groom was best man. Albert Wendland, Jr., and Joe Janosta, Jr., cousins of the bride, were ushers.

Following the wedding, a supper was served in the Community Hall, with Mrs. James Eulenfeld serving the cake and Mrs. Herbert Teichelman pouring coffee.

For her daughter's wedding Mrs. Wendland chose a dress of gray with white accessories and a pink carnation corsage. Mrs. Angell, Mother of the groom wore a navy blue dress, with white accessories and a pink carnation corsage.

Following a short wedding trip Mr. and Mrs. Angell will live in Austin where the bride is employed by the Highway Department and the groom is assistant electrician at the University of Texas.

Mrs. Warren Bender

B & P W Hears Mrs. Lois Fugler Talk At April 16, Meet

The Business and Professional Women's Club met on Monday, April 16 at the All Saints Episcopal Parish House with Mrs. Lois Fugler, president of the Austin B and PW club and director of District 6 speaking on Education and Vocation. Attending Mrs. Fugler was Mrs. Bess Beaman of Austin.

A social followed with Miss Mary and Lois Randolph and Mrs. Vance Werner as hostesses. They served cream chicken on Holland toast with deviled eggs. Devils Food Cake topped off the meal.

At the next meeting on Monday May 7 the club will elect delegates to the state convention in Mineral Wells of May 11 and 13.

The speaker at the last meeting Mrs. Lois Fugler declared her intention to run for third vice president of the State Business and Professional Women's Clubs.

Mrs. Hobby Will Receive Doctor Of Humanities

Mrs. Oveta Culp Hobby of Houston and Dr. Harold Basden of Dallas have been named as speakers for the commencement and baccalaureate service to be held at Mary Hardin-Baylor college on May 27 and 28.

Mrs. Hobby, former member of the cabinet of President Eisenhower where she served as Secretary of Health, Education and Welfare, will give the address at the commencement exercises at 10 a.m. Monday, May 28, in Alma Reeves chapel. A feature of the commencement exercise will be the conferring of the honorary degree of Doctor of Humanities upon Mrs. Hobby, a former student of the 111-year-old school for girls.

The honorary degree will be conferred upon Mrs. Hobby by Dr. Arthur Tyson, president of Mary Hardin-Baylor.

Dr. Basden, currently serving as pastor of the Gaston Avenue Baptist church of Dallas, will give the baccalaureate sermon at services to be held at 11 a.m. Sunday May 27, in the First Baptist church of Belton. He is a graduate of the Southwestern Baptist Theological seminary and formerly was pastor of the Calvary Baptist church of Jackson, Miss. He is also currently serving as chairman of the Christian Life Commission of the Baptist General Convention of Texas.

Dr. Basden is the brother of James Basden, a trustee of Mary Hardin-Baylor college and pastor of the First Baptist church of Belton.

Robbins Family Children Hold Homecoming

Guests in the home of Mr. and Mrs. C. S. Robbins Sunday, April 15 were Mr. and Mrs. Thomas Burch and family of Waco, Mrs. Marion Mitchell and David, Claude S. Robbins Jr., Houston, Billy Ray Robbins, Marlin and Peggy Faye Robbins, Houston.

Peggy Faye recently received a discharge from the Women's Army Corps in Arlington Virginia. This was the first time the Robbins children were home at the same time in twelve years.

Other guests were Miss Dora Blasienz of Cameron, T. A. Burch of Tyler and Private Mary Martin of Maine who is stationed at Arlington, Virginia.

Garden Club Delegates Attend Austin Conclave

Mrs. R. G. Grabein, president elect and Mrs. Leo Fuchs, president of the Civic Garden Club are attending the 28th annual meeting of the Texas Garden Clubs Incorporated at the Commodore Perry Hotel in Austin on April 24-28. They are delegates from the Cameron club.

J. Frank Dobie will address the assembly on "Texas offers Beauty." Other interesting highlights will be a tour of 25 Gardens and Historical places in the city among which is the garden of Mrs. J. Frank Dobie, and Governor's mansion.

A tea will be held at the leguna Gloria Art Gallery.

Esslingers Reveal Troth Of Sara Blanche In July

Miss Sara Blanche Esslinger will become the bride of Richard Luther Wilkinson, at the home of her parents, Mr. and Mrs. Andrew Esslinger, 907 East 19th Street in Cameron, sometime in July the parents announced this week.

Richard is the son of Mr. and Mrs. James A. Wilkinson of Branchville.

Mrs. J. H. Scarborough with Bobby Heitman and Billy Hawkes spent the week end in Gladewater with the daughter of Mrs. Scarborough, Mrs. Lois Phillips.

Shower Honors Miss Wanda Jean Sager At Dorner Home

A miscellaneous shower honoring Miss Wanda Jean Sager, bride elect of William Travis Merriwether was given at the home of her aunt Mrs. Albert Dorner.

Approximately 40 guests were registered in the brides book during the evening. Mrs. Lawrence Laffere and Mrs. Henry Reddhouse was in charge of registration.

Mrs. Dennis Klein and Mrs. Bill Becker were in charge of entertainment.

The home was beautifully decorated with flower arrangements of Bells of Ireland, Iris, and Roses. Color scheme of pink and white was carried out with the bride-elect wearing a pink and white check faille dress with a white carnation corsage.

The hostesses served pimiento cheese sandwiches, cup cakes with pink rose buds on top, marshmallows centered with a mint and fruit punch.

Napkins with Wanda and Travis were used.

The wedding will take place at the South Park Evangelical-Reform church in Houston, Texas on May 19.

Butter Makes Stew Richer

A half stick of butter, vegetables and meat... and you're in business to create a stew of majestic appeal. It's seasoning then, and the method of flavor-blending ingredients that bring forth a prized stew.

Butter used with a liberal hand provides its own rich flavor and helps carry the flavor of herbs and other seasonings throughout a dish. Here in the stew recipe, the onions are sautéed in butter until tender. Then they are removed while the meat browns in the savory-accented butter. Back go the onions plus herbs and necessary liquid. Slow simmering blends the seasoning and meat flavors. Potatoes and carrots go in last to be cooked only until tender.

As for a shopping hint on butter: buy it protected in paraffined cartons. The waxed carton prevents pick-up of other food flavors near butter in storage. It precludes damage to butter from handling or from the effects of light and air.

Gourmet Beef Stew

4 tablespoons (1/2 stick) butter	2 1/4 cups water
1 medium onion, sliced	1 cup dry red wine
2 pounds beef, lamb or veal stew meat, cut in 1 1/2 inch pieces	12 small white onions, peeled and halved
1/2 teaspoon each, rosemary, thyme and basil	6 medium carrots, scraped and halved
2 teaspoons salt	3 medium potatoes, peeled and quartered
	2 tablespoons finely chopped parsley

Melt butter in heavy kettle; add onion and cook until tender, but not brown. Remove onion; add beef and brown on all sides. Return onion to kettle with spices, salt, water and wine. Cover; simmer 2 to 2 1/2 hours, or until meat is almost tender. Add vegetables and cook 30 minutes longer. To thicken stew, make a paste of 2 tablespoons cornstarch and 1/2 cup water. Gradually add to stew, stirring constantly, until thickened. Turn into serving dish; sprinkle parsley over top. YIELD: 6 servings.

Spotlight on HEALTH Science Features

An Allergy That Affects Almost Everyone

Every year, countless picnickers, fishermen, and hunters return from enjoyable outings only to discover that they have fallen victim to ivy, oak, or sumac poisoning. The itchy rash and blisters that follow exposure to the noxious plants are enough to make even the most ardent nature-lover wish he had stayed home.

Perhaps "poisoning" is a somewhat misleading term to use in connection with the wild plants since the rash they produce is actually an allergic reaction brought about by a person's sensitivity to urushiol, an oil that the plants contain.

In order for sensitivity to develop in a person, there must be prior contact with the plants. New-born infants—and even adults who have never previously been exposed to the growths—generally do not develop symptoms after a single contact.

Few persons think of this affliction as an allergy because so many of us are susceptible. Poison ivy allergy, for instance, develops in four out of five persons. The fifth is immune and can handle the plant without suffering any harmful effects.

Learning to recognize and avoid contact with the harmful growths is, of course, the most effective means of prevention. Both poison ivy and poison oak are innocuous-looking vine-like plants with characteristic three-leaf clusters. Poison sumac can be distinguished from non-poisonous sumac because its shrubs bear white berries instead of red ones.

Persons unfortunate enough to have exposed their skin to any of the plants formerly could do little to prevent onset of the rash except scrub themselves with strong soap and water. This remedy had

to be used immediately to be at all effective.

Medical researchers at Syracuse University have now found that poison ivy rash can be completely prevented if a preparation called Zirnox is applied either before contact with the plants, or within eight hours after exposure to them. The scientists also report that the preparation is effective for treatment as well as the prevention of ivy, oak and sumac poisoning. Insect bites and mild sunburn and skin irritation are similarly relieved with the drug.

Zirnox is a combination of two potent chemical agents, the antihistamine, phenyltoloxamine, and zincirone. The agents act by neutralizing urushiol and by soothing skin irritation.

The lawn is a favorite spot for beetles to lay their eggs and for their young to hibernate over winter. The effects of their eating during the winter will show up in the lawn as patches of dead or dying grass now that warmer weather has started plant growth.

If the lawn has a raggedy appearance and is brown in spots and handfuls of dead or dying grass can be pulled up by the roots, better check for white grubs. White grubs are the larvae of beetles which spend the early stages of their life cycle underground and are not visible feeders.

If white grubs are suspected, it is easy to make a check. Take a sharp shovel and cutting around three sides of a block of turf, run the shovel under the block and turn it back on the uncut side. If grubs are present, the soft-bodied wingless, wormlike grubs will be apparent. If six or more grubs are found in a one foot square area, better apply an insecticide. Chlordane has shown promise for treating lawns as have aldrin, dieldrin and heptachlor. They are available as wettable powders or emulsifiable concentrates which can be mixed with water and used as a spray. Dust forms may be applied directly to the lawn.

If dust is used apply 6 oz. of 25 percent Aldrin; or 10 oz. of 40 percent Chlordane; or 4 oz. of 25

percent Dieldrin; or 5 oz. 25 percent Heptachlor, per 1000 sq. ft. of lawn, then sprinkle so the poison will be washed down into the soil where it can reach the insects.

Apply spray directly onto the lawn at the rate of 25 gallons per 1000 sq. ft.

The Central Texas Soil Conservation District Board of Supervisors will hold their regular monthly meeting in the Temple Work Unit Office, 114 N. 1st street, at 7:30 P.M. Tuesday, April 17th.

The directors of the Knob Creek Up-stream Flood Prevention Association will be on station KCEN-TV, channel 6, Wednesday, April 18th with Clark Bolt on his program "RFD No. 69, to explain to the public the objectives of the Knob Creek Up-stream Flood Prevention Association.

L. H. Nichols, cooperator in the White Hall Community, is resting his entire pasture. This pasture, approximately 100 acres, has been rested since last July. Nichols plans to continue resting through most of this growing season. He is resting to permit his native grasses to make a good growth and root system to permit all of his grasses to reseed. He realizes that a good cover of grass is necessary if maximum results are expected.

To get the most from grasses a good litter must be left on the ground at all times and a good vigorous plant must be maintained. Now is the time to be making plans for resting range grasses. For best results rest periods of from 90 to 120 days through the growing season have proved much better than shorter rest periods. The long rest periods assures a good growth and seed crop.

Lush spring and summer pasture can be either the dairyman's best friend or his trickiest profit stealer, depending on how he manages his cows on grass.

An experiment at the Ralston Purina Research Farm in Missouri, involving 18 Guernsey cows over several years, has clearly

Texas Cancer Researchers Get Grants In Aid For Work

The Texas Division of the American Cancer Society Tuesday announced the award of 16 cancer research grants in aid totaling \$101,131 to Texas Scientists.

Leonard Gunderson, Texas Division president, in making the announcement stated that the one year awards will become effective July 1, 1956, and will provide funds for approved cancer research projects in Austin, Houston, Galveston and College Station.

The new grants bring this year's total of ACS research funds at work in Texas to more than \$250,000.

Gunderson pointed out that these research funds are made available through the contributions that Texans make during the annual April Cancer Crusade. Since the first research grant to a Texas scientist in 1946 the ACS has given more than \$550,000 to Texas scientist as grants in aid.

Over the nation, the Society will allocate nearly \$7,000,000 for cancer research this year, Gunderson said.

Buckholts Luther Leaguers Attend "All For God" Meet

Sixteen Luther Leaguers from Buckholts went to Thrall on Sunday April 15 to attend the Austin Federation Luther League Spring Rally at St. John's Lutheran Church.

The theme of the Rally was "All For God."

Water Conservation Necessity Told By USDA Official

By J. E. Sturrock

General Manager, Texas Water Conservation Association

"We are going to do everything with our limitations to keep the people on the farms", Kenneth L. Scott, Assistant Secretary of Agriculture, told a recent gathering of 800 South and West Texas farmers, ranchers, and business men.

The U. S. Official was sent to Texas at the request of the Emergency Assistance Association, composed of officials from 25 South Texas counties. It seems reasonable that he was impressed by the devastation of the drought, because he faced an audience of men who are wrestling daily with its desolation. Many have already lost the accumulation of a lifetime. Their livestock are gone, or facing extinction. Their farms or ranches are slipping away as debts pile up. Businessmen weigh liabilities against assets and find little comfort.

It can be hoped that Washington will come up with at least partial relief - but of necessity the wheels of government move slowly and a great portion of Texas farm and ranch wealth is blowing away with the top soil of Texas. Unless effective water conservation measures are taken now, unless thought and effort are implemented now to protect every available drop of water in the years to come, many more Texans will suffer, many more acres of precious Texas soil will join the nation's wasteland.

Last year the American Red Cross received blood donations from volunteer donors for treatment of ill and injured persons at an average rate of four each minute.

Claude M. Ellison, Dies Unexpectedly Following Party

Claud M. Ellison, 47, prominent farmer and rancher in the Baileyville community, died apparently of a heart attack while at a fish fry at the Roy Parcus cabin near the Brazos river Tuesday evening and most of the group had gone home when Mr. Ellison was seized while reclining in a chair.

He had been hospitalized several times during the past few months suffering with high blood pressure but at the time of his death was able to be up and perform some of his duties.

Born February 18, 1909, in Cad-do, the son of the late Mr. and Mrs. R. W. Ellison, pioneer citizens of Baileyville. He and his brother were associated in ranching and farming on the extensive Ellison estate.

He attended school in Calvert and was an A & M graduate with the class of 1931. He was a member of San Andres AF & AM in Cameron.

Funeral services were held on Thursday April 19 at 3 p.m. at the First Baptist church in Rosebud with the pastor, Rev. T. A. Binford, officiating. Burial was in Powers Chapel cemetery with Green of Rosebud in charge.

Check Ranges and Pastures For Poisonous Plants To Prevent Livestock Losses

Livestock losses will occur if animals are permitted to graze ranges on which poisonous plants are growing. Weather conditions, says A. H. Walker, extension range specialist, haven't helped the situation because the continuing drought has limited the growth of desirable forage plants and grazing stock will get the new plants even if they're poison.

Buds, leaves and tender shoots of all trees in the oak family possess a toxic substance which may cause severe illness in cattle, sheep, goats and horses. The poisonous condition is greatest from the time buds begin to swell until the new leaves turn dark green in color. Low growing oaks cause most of the trouble and cattle are most commonly affected, says Walker. Removing livestock from pastures where poisonous plants are growing until the danger period is passed is recommended.

Bitterweed, a plant especially toxic to sheep, is best controlled by deferred and rotation grazing. Loco and peavine are other plants which can cause trouble. Walker says animals should not be allowed to graze pastures containing these plants until sufficient growth of other plants can satisfy the forage needs of the animals. The cocklebur in the seedling stage is very poisonous to grazing animals, especially to hogs and cattle, says the specialist.

Survivors include three sisters, Mrs. Hattie Mayes of Baileyville, Mrs. E. J. McCauley of Rosebud and Mrs. Ira L. Burns of Baileyville; one brother, Richard Ellison of Baileyville; a sister in law, Mrs. Wright Ellison of Baileyville and several nieces and nephews.

Pallbearers were Ted Ford, Charles Bailey, Gene Schmidt, Fleming Summers, Oliver Burns, Dowell Bailey, C. O. Watkins and Vernon Nicholson.

HUMBLE OIL & REFINING COMPANY

TODAY'S BIG SPECIAL at a price that will open your eyes (and Purse)

If you're in the market for a real buy, take a good look at this one.

It's a 1956 Buick SPECIAL—which means, of course it's a big car.

But look again at the price news it carries.

It tells you this big Buick SPECIAL can be yours for only a few dollars more than the price of the well-known smaller cars—for even less than some models of those very same cars. (And the price we'll show you proves how true that is.)

The gospel truth is—this brawny new beauty is the biggest bundle of high style and hot performance ever offered in Buick's lowest-priced Series.

Even that, though, doesn't completely explain why Buick outsells every car in America except the two well-known smaller ones.

To understand the big reason, you've got to know something about how much pure automobile you get for your money in a 1956 Buick—

The extra satisfaction of commanding Buick's walloping new 322-cubic-inch V8 engine—

The extra joy and comfort of Buick's new buoyant ride, Buick's matchless new handling ease, Buick's extra solidity of structure—

The extra thrill that comes from the world's most modern transmission. For, at your option, you can also have the new double-action take-off—and the extra gas-saving mileage—of Buick's advanced new Variable Pitch Dynaflo.

Those are some of the things we'd like you to know, firsthand, about the 1956 Buick. And we'll let the car itself—and that low price tag—do the talking. Will you come in—real soon—this week maybe?

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

BEST BUICK YET

AT A NEW LOW PRICE—4-Season Comfort in your new Buick with FRIGIDAIRE CONDITIONING — WHEN BETTER AUTOMOBILES ARE BUILT BUICK WILL BUILD THEM

ALL YOUNG MEN ARE OFFICERS to pledges of the "Pershing Rifles," honorary ROTC society at the University of Texas, as two new members salute three girls leaving Blanton Dormitory. Pledges of the society stood at attention and presented rifle salutes to all girls passing as part of their initiation.

The Pledges are Clarence McGill I., and Herbert L. Green, right. Green is a freshman at the U of T from Laredo and is the grandson of Mrs. Logan Green of Cameron. The Officers being saluted are Carolyn Clayton, front, Gail Hudson, back, and Carolyn Burns.

Yoe Future Farmers Entertain And Inform At Annual Event

Bill Heitmann and Alton Fuchs are now honorary members of the Yoe Chapter of Future Farmers of America as a result of awards of that group of youngsters at the Yoe High Gymnasium at their annual meeting, Thursday night April 19.

Cooperation said one of the Future Farmers, Thomas Harwell other than RAIN is one of the foremost problems faced by farmers today...until farmers cooperate one with the other they are going to be at the small end of the "Horn of plenty."

Scholarship, Service, Character and Scientific Agriculture were set up by Harwell as cardinal factors instilled into the Future Farmers alongside of cooperation. Thrift and re-investment was pointed out as the reason some FFA boys at Cameron have advanced in the degree work.

In conclusion the speaker invited all to come visit the agricultural class rooms and see and get better acquainted with it.

Jackie Allen is telling of the FFA activities told of the project program for this year which included 1926 broilers; 18 sows;

175 feeder pigs; 17 gilts; 32 dairy cows; 42 beef animals; 22 feeder calves; 136 turkeys; 191 egg producers; one boar; 22 acres of cotton; 15 1/2 acres of maize; six acres of peanuts; 14 sheep and 44 hives of bees.

If you stop to consider, said Allen, a project program of this nature represents quite a sum invested in a farming program by the students of the Cameron Future Farmers.

Allen then pointed out all the contests and shows in which members carried away prizes and ribbons and then pointed to the twenty FFA members taking part in the Chamber of Commerce Broiler show that will be held on May 12 and the six who are applying for the Lone Star Farmer degree this year. Our poultry team, he said, will take part in the state judging contest at A & M on May 5 and if they win first there will be qualified for the national contest.

Invocation for the annual meet was asked by Clifford Angell, then followed a ceremony in which each officer told what his

post stood for. A welcome address was given by the chapter president and introduction of guests, parents and the FFA Sweetheart. "You Were There" was an unusual recorded program which was played back as a delayed transmission of a radio program, put on by members of the FFA in which much of the work and activities of the organization was told.

The FFA creed was read by William Pagach.

In the special awards part of the program a sweater was presented to the club sweetheart who was declared by the chapter president, to be the prettiest girl in school Miss Joyce Warren.

Listed as honorary members of the organization in the mimeographed program were: Superintendent W. T. Hanes, Leo Fuchs, Henry Seibman, Johnny Andres, W. T. Whatley, John S. Batte, A. W. McCullin, Lyle McDermott, S. M. Layfield, Carl Black, Earl Cutis, Mrs. J. B. White, Lester Williams, Dana Monroe, Clarence Colburn and R. M. Tittsworth.

Eighty members and 160 guests were in attendance and enjoyed a meal of barbequed beef, potato salad, beans, menu with the trimmings. This was served by the following FFA girls: Anita Trdy, Faye Angell, Pat Hertenberger, Ruth Matyastik, Bernice arosky, Cindy Curtis and Mary Harwell. The FFA motto is Learning to do. Doing to Learn. Earning to Live and Living to Serve.

Music was furnished prior to the meal by a schoolboy string band led by young Bill Heitman.

News From Jones Prairie

Mrs. S. S. Hickman

Mrs. J. W. Drennan and Mrs. W. B. Burnett were co-hostess when the Home and Garden Club met Tuesday afternoon at the community center. A variety of Spring flowers decorated the rooms. Mrs. R. K. Fontaine the newly elected president presided over a brief business session, at which time Mrs. O. T. Canady was named recreational leader, to succeed Mrs. Jack Pond resigned. The program was conducted by Mrs. A. L. Burnett and consisted of discussions by Mrs. Burnett and Mrs. Fontaine on "How the Doctor Stays Well". Refreshments of cake and punch were served to 11 members and two guests, Mrs. Victor Huguen and Miss Letha Mae Ingram.

Mr. and Mrs. Ray Tucker and

Mr. and Mrs. Bill Becker were Sunday evening guests of Mr. and Mrs. Clarence Crook.

Roy Burnett of Freeport spent the past week with his mother, Mrs. A. L. Burnett.

Mrs. J. A. McKinney and Miss Ethel McKinney were recent guests of Mr. and Mrs. L. D. Ham mack of Taylor.

Mr. and Mrs. J. H. Burnett had as their recent guests, 1st. Lt. and Mrs. Tom Sulevan and small son Thomas of the Bergstrom, AFB, Austin.

Visiting in the home of Mr. and Mrs. Robert Glenn over Sunday were Mr. and Mrs. Rex B. Jones of Waco, Mrs. Lorraine Story of San Antonio and Mrs. Jerry Blazien of Calvert.

Mrs. W. J. Fontaine was a Sun-

day dinner guest of Mr. and Mrs. Bill Thweatt.

Mr. Victor Huguen visited his father, Rev. Frank Huguen who is ill in a Dallas hospital over the weekend.

Paul Arnold II of Brownwood spent the weekend with James Fontaine.

Bob Pond of New Orleans, La. visited his parents, Mr. and Mrs. Jack Pond over the weekend.

Mr. and Mrs. H. P. McKinney, Mrs. J. A. McKinney, Mrs. Jack Pond and Miss Ethel McKinney attended the funeral of Mrs. Claude Ellison at the First Baptist church of Rosebud Thursday.

Mr. and Mrs. W. B. Burnett and son Charles visited Mr. and Mrs. Giles Burnett of Hoyt and Mr. and Mrs. Weid Burnett of Marlow Sunday afternoon.

Mr. and Mrs. Paul Arnold and son Van of Brownwood were weekend guests of her mother Mrs. S. S. Hickman. The group visited

Mr. and Mrs. Hubert McClaren of Marlow Saturday evening.

Mrs. Hetzel Burnett and son Rodney of Houston spent several days of the past week with Mr. and Mrs. J. H. Burnett while her husband went bowling with the American Bowling Congress in Pittsburg, Penn.; Rochester, N. Y.; Chicago, Illinois and concluding the trip at Wichita Falls, Tex.

Guests in the home of Mr. and Mrs. E. B. Yager Sunday for the day were Mr. and Mrs. Macolm Marion and family of Seguin, Mr. and Mrs. Tom Short of Celina and Miss DeLane Hill of Waco.

Mr. and Mrs. H. P. McKinney visited their son and family Mr. and Mrs. Jack McKinney of Leander, over the weekend.

Mrs. S. M. Harrell and daughter Evelyn spent the weekend with Mr. and Mrs. C. W. Neal of Angleton.

Hear that sizzle! Sniff that aroma! You're about to enjoy the sweetest, tenderest chicken in town!

How to make your fried chicken

Picnic-Perfect

Blend together 1 beaten egg, 1/4 cup milk, 1 tsp. salt, 1/2 tsp. pepper. Dip each piece of chicken into egg mixture - then into your favorite breading (flour, cornmeal, bread crumbs, cracker crumbs or crushed cornflakes). Place 1/2" of shortening or oil in large skillet. When grease is hot, place coated chicken pieces (meaty parts first) into skillet to brown, turning with tongs. When all pieces are brown, reduce heat, cover tightly and cook until meatiest pieces are fork tender. (20-40 min.) Uncover the last 5-10 minutes to crisp the skin.

NOTICE OF HEARING ON PETITION FOR CREATION OF MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER 1

THE STATE OF TEXAS
STATE BOARD OF WATER ENGINEERS
TO ALL PERSONS OWNING LAND WITHIN THE PROPOSED MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER 1: TO ALL PERSONS WHO MAY BE AFFECTED BY THE CREATION OF SUCH DISTRICT: TO THE SHERIFF OF MILAM COUNTY, TEXAS: AND TO ALL OTHER INTERESTED PARTIES:

TAKE NOTICE that on the 14th day of May, 1956, at 10:00 o'clock A.M., at the Office of the State Board of Water Engineers in the City of Austin, Texas, a petition for the creation of MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER 1, will be heard and determined before the State Board of Water Engineers, as provided by law.

That the area and boundaries of the proposed district shall include all lands and property located within the boundaries of such district as defined in the aforesaid petition, and which boundaries are as follows, to-wit:

MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NO. 1

Field Notes
Beginning at the Northwest corner of the Townsite of Buckholts, out of the Jose Antonio De Pena eleven league grant of land in Milam County, Texas;

Thence Southerly with the West boundary line of said Townsite to the Northeast corner of the Lee Matthews tract;

Thence Westerly with the North boundary line of said Lee Matthews tract and with a prolongation thereof, to the West boundary line of the Joseph F. Zajicek tract;

Thence Southerly with the West boundary line of the Joseph F. Zajicek tract to the Northwest corner of West End Addition to the town of Buckholts;

Thence Southerly with the West boundary of said West End Addition and a prolongation thereof to the North right-of-way line of the G. C. & S. F. Railroad;

Thence Easterly with the North right-of-way line of the G. C. & S. F. Railroad to the West boundary

line of said Townsite of Buckholts;

Thence Southerly with the West boundary line of said Townsite to the South Boundary line of Avenue K;

Thence Easterly with the South boundary line of said Avenue K to the Northwest corner of Lot No. 2 in Block No. 56 in said Townsite;

Thence Southerly with the West boundary line of Lots Nos. 2 and 4 in said Block No. 56 to the North boundary line of Avenue L in said Townsite;

Thence Easterly with the North boundary line of Avenue L to the East boundary of Fifth Street in said Townsite;

Thence Northerly with the East boundary line of said Fifth Street to the South boundary line of Avenue K in said Townsite;

Thence Easterly with the South boundary line of Avenue K to the East boundary line of said Townsite;

Thence Southerly with the East boundary line of said Townsite to the South boundary line of the Edwin F. Fischer tract;

Thence Easterly with the South boundary line of the Edwin F. Fischer tract to the Northwest corner of the Tonie V. Fuchs tract;

Thence Northerly across the Edwin F. Fischer tract to the Southeast corner of the Joe Vajdak tract;

Thence Northerly with the East boundary line of the Joe Vajdak tract, and a prolongation thereof, to the North right-of-way line of the G. C. & S. F. Railroad;

Thence Easterly with the North right-of-way line of said G. C. & S. F. Railroad to a Southerly prolongation of the East boundary line of the Joe James tract;

Thence Northerly with a Southerly prolongation of the East boundary line of the Joe James tract with the East boundary line of the Joe James tract, and with the East boundary line of the Bartolo Montalvo tract to the Northeast corner of said Bartolo Montalvo tract;

Thence Westerly with the North boundary line of the Bartolo Montalvo tract to its Northwest corner;

Thence Westerly with the North boundary line of the Antonio Jaramillo tract; and the S. P. J. S. T. Lodge tract to the Northwest corner of the S. P. J. S. T. Lodge tract;

Thence Easterly with the North right-of-way line of the G. C. & S. F. Railroad to the West boundary

boundary line of the Ed Posival tract to its Northeast corner;

Thence Westerly with the North boundary line of the Ed Posival tract to its Northwest corner;

Thence Southerly with the West boundary line of the Ed Posival tract to the North right-of-way line of U. S. Highway 190;

Thence Westerly with the North right-of-way line of U. S. Highway 190 to the East boundary line of said Townsite of Buckholts;

Thence Northerly with the East boundary line of said Townsite to the Southwest corner of the Wm. Henry Malovets tract;

Thence Southeasterly with the Southwest boundary line of the Wm. Henry Malovets tract to its Southeast corner;

Thence Northerly with the East boundary line of the Wm. Henry Malovets tract to its Northeast corner;

Thence Westerly with the North boundary line of the Wm. Henry Malovets tract to the East boundary line of said Townsite of Buckholts;

Thence Northerly with the East boundary line of said Townsite to its Northeast corner;

Thence continuing Northerly with a prolongation of the last mentioned course, a distance of Four hundred (400) feet;

Thence Westerly, parallel with and Four Hundred (400) feet Northerly from the North boundary line of said Townsite of Buckholts, across the Elbert F. Svetlik tract, to the East boundary line of the A. A. Fritz tract;

Thence Southerly with the East boundary line of the A. A. Fritz tract to the North boundary line of said Townsite of Buckholts;

Thence Westerly with the North boundary line of said Townsite to the Southeast corner of the Bohemian Church tract;

Thence Northerly with the East boundary line of the Bohemian Church tract to its Northeast corner;

Thence Westerly with the North boundary line of the Bohemian Church tract to its Northwest corner;

Thence Southerly with the West boundary line of the Bohemian Church tract to the North boundary line of said Townsite of Buckholts;

Thence Westerly with the North boundary line of said Townsite to the Northwest corner of said Townsite, the point of beginning, containing 243 acres, more or less.

FURTHER TAKE NOTICE that the proposed district shall be named and known as MILAM COUNTY WATER CONTROL AND IMPROVEMENT DISTRICT NUMBER 1, and is to be organized under the provisions of Section 59 of Article 16 of the Texas Constitution, and pursuant to the statutory laws of the State of Texas thereunto enabling, particularly Chapter 3A, Title 128, Revised Civil Statutes of 1925, as amended.

FURTHER TAKE NOTICE that the purpose of the organization of said district shall be for and include all works, facilities, plants, and appliances, in any and all manners incident to, helpful or necessary in the securing, storing, processing, treating, distribution and sale of an adequate supply of fresh water, including the construction and erection of such reservoirs, tanks, aqueducts, mains, canals, ditches, pipes, storage reservoirs, pumps and meters, and providing said district may make a charge for the use of such water so secured, stored, processed, treated and distributed; and said district shall be organized for the further purpose of including all works, facilities, plants and appliances, in any and all manners incident to, helpful or necessary in the collection, transportation, processing, disposal and control of all domestic, industrial and community wastes, whether fluids, solids or composites, and further to gather, conduct, divert and control local storm waters, or other local harmful excesses of water; the same to be accomplished by any and all means and methods, mechanical, chemical, or otherwise, and such other means as may be incident, necessary, expedient or helpful to such purposes, to the end that the public health and welfare may be conserved and promoted and the purity and sanitary condition of the State's waters protected, effected or restored.

FURTHER TAKE NOTICE that the general nature of the work to be done is the installation, maintenance and operation of an adequate water distribution system within the limits of said district, through the installation, construction, maintenance and operation of reservoirs, tanks, aqueducts, mains, canals, ditches, pipes, storage facilities, pumps, meters and treating and purification plants, all as is more particularly described in an engineer's report filed simultaneously with the fil-

ing of the petition, to which reference is here made for a more detailed description; and at a future date the further installation, maintenance and operation of sanitary sewers within the boundaries of said district including such pumping and disposal plants and equipment as may be necessary and proper in the premises as shall be consonant with the purposes for which the district is organized.

AND FURTHER TAKE NOTICE that according to the aforesaid petition there exists a necessity for the organization of such district in order that it may provide for the installation, maintenance and operation of a water purification and distribution system together with a system of sanitary sewers within the limits of the proposed district, so as to promote the purity and sanitary condition of the State's waters and the public health and welfare of the community; that the project and the work to be done in accomplishing the purposes of the proposed district is entirely practicable and feasible due to the na-

Texas

By Mrs. Lelia McAnally Batte

Benjamin Rush Milam was born in Frankfort, Kentucky, October 20, 1788. His parents were Moses Milam and Elizabeth Boyd Milam and were originally from Wales.

Milam enlisted as a private in the war against England in 1812. Milam visited Galveston Island as a Colonel in Dr. James Long's Expedition which was fighting the Karankawas. A short time before this, Milam had met Jose Felix Trespalacios, and joined an expedition which the latter had organized to help with the revolution in Mexico along with Dr. Long.

Milam and Trespalacios were imprisoned in Vera Cruz on a charge that Milam had plotted a Republican form of government for Texas.

Released from prison in 1822 Milam returned to the United States. Mexico had won her independence from Spain and in 1824 as a naturalized Mexican citizen Milam obtained permission to plant a colony of 300 families between the Guadalupe and Colorado Rivers. Later General Arthur G. Wavell secured the right to bring five hundred families to land on the Red River, and Milam became his agent, seemingly more interested in Wavell's enterprise than in his own business.

Ben Milam and his nephew, Jefferson W. Milam visited in the home of Collin McKinney and Richard Ellis, in Bowie County, where Ben met and became engaged to marry Annie Collin a troth which was evidently doomed for while Milam was away on business for General Wavell, in England, during parts of 1829 and 29 the young lady took another suitor and as a consequence of this disappointment Milam was never married but gave all of his interest to colonization and political problems of the day.

Among Milam's difficulties about this time he was only able to settle 52 families on his own colony and on May 1, 1832 his grant was transferred to a Mexican company. Some of the Wavell land grant was found to be in Arkansas and another hindrance to his settlement work was the strict immigration law controlling passage from the United States to Texas.

The settlers of the Red River region and of East Texas, raised a fund to pay Milam's and a companions expenses to Mexico to secure for them clear titles to their land, a mission which was successful.

On June 5, 1835, Milam with Viesca, John Cameron and Rafael Gonzales were arrested by the soldiers of Martin Perfecto de Cox. Milam was allowed the privilege of bathing in a creek while encamped. A friend aided in his escape by concealing a horse for him which he rode away, heading for Texas.

Texas, just now, was in the midst of revolution and Milam joined his fate with theirs in his desperate fight for liberty. On October 9, the Texans captured the old mission and fort at Goliad.

In exultation at the capture of Goliad, Milam exclaimed "I have fought for Mexican Independence. I have spent more than twenty-years of my life in Mexico. I have endured heat and cold, hunger and thirst, I have been a tenant in every prison between this place and Mexico City, but the events of this night have fully repaid me for all my losses and all my suffering!"

Next Week: The capture of Concepcion Mission.

ture of the soil and contour of the lands and will serve and be a benefit to all of the land lying within said district and will be a public benefit and utility; that the topography of the lands present no feature which would make the consummation of the project impracticable from an engineering standpoint; that evidence in substantiation of this in the form of preliminary engineering report prepared by competent engineers support the purpose, utility, feasibility and necessity thereof.

AND FURTHER TAKE NOTICE that the project is estimated to cost approximately \$130,000. UPON THE FILING AND PRESENTATION of the aforesaid petition, the State Board of Water Engineers, on the 9th day of April 1956, issued its order calling the hearing herein noticed and provided that upon the day and at the time and place set for said hearing, any person whose land is included in, or would be affected by the creation of such district, may appear and contest the creation thereof and may offer testimony to show that such district is or is not necessary, would or would not be a public utility, and would or would not be feasible and practicable. The State Board of Water Engineers further ordered and directed that notices of such hearing be issued, posted and published as required by law.

The above addressed Sheriff of Milam County, Texas, is therefore commanded to make service of this notice of which an original and two copies are furnished, by causing a copy thereof to be posted at the courthouse door of Milam County, Texas, on the bulletin board used for posting legal notices in such county, at least fifteen (15) days prior to the date of such hearing. Said Sheriff is further directed to cause a copy of such notice to be published in a newspaper of general circulation in Milam County and in the area of the proposed district. Publication of notice as aforesaid is to be accomplished once a week for two consecutive weeks, the first publication thereof to be at least twenty (20) days prior to the date of hearing.

The above named Sheriff is fur-

ther commanded to herein fail not and to make due return of service as above directed with copy attached to the original notice furnished for such purpose and by attaching affidavit of publication, which return is to be made to this Board prior to the 14th day of May, 1956.

EXECUTED AT AUSTIN, TEXAS, this the 9th day of April, 1956. STATE BOARD OF WATER ENGINEERS, STATE OF TEXAS.

Coaches Corner

By Homer Tompkins

Everyone was pleased at the way our school came out in the interscholastic meet week before last.

Our athletes contributed many of the points to help win the first place again. Of course we're proud of any and all boys and girls who participated in the meet and without their willingness to be the best we would have probably placed lower, but the fight and the school spirit proved to be the best. The fight and the school spirit will put Yoe High on top many times.

The final game for the senior boys softball title between Cameron and Belton was a major attraction under the direction of Coach Young. Our kids beat Belton 6-4 in the last inning. This is the seventh year Cameron has been first in this event.

The boys and girls volleyball championships were also thrilling for many.

Coach Jackson's senior boys were second place winners and

Miss Dally Young's team were first place winners, beating Rosebud in the finals.

In the tennis my team finished first in the senior division and Leroy Thompson's team won many honors also.

To show you how busy everyone in athletics are, while our meet was going on here Coach Stuth had many of the Ada Henderson athletes at Killen participating in track and other events.

More and more boys are participating in athletics and we're grateful for the fact that they have the opportunity to play and enter in various phases of competition so vital for we Americans.

Without youth developing their physical and mental faculties we all cease to advance and grow; therefore it is our duty to see that they are taken care of by giving them as much proper instruction and facilities as possible. If we fail anywhere to do this our school and town will be set back many years.

See you at the baseball games.

NEW LIBRARY BOOKS

- Cowboy And His Horse
- Mascot Pernua
- Pony Express

The Pony Express
On April 3, 1860, amid band music, cannon fire and cheers, Billy Richardson swung into the saddle of a handsome bay mare and galloped west from the railroad town of St. Joseph, Missouri, toward Sacramento, California, on the first trip of the Pony Express.

From the first trip to the last, the gallant service lasted less than two years, but so thrilling was its achievement and so colorful its operation that its mark on America's history and legend remains indelible.

Out of the great mass of fiction and romance that has grown up around the Pony Express, this book attempts to sift the residue of fact-which is no less exciting than the fiction. To complement the authenticity of the story, illustrations from the actual period of the Express have been assembled

from original sources. In addition to these historical prints, Nicholas Eggenhofer, one of the foremost artists of western Americana has produced original drawings to decorate the chapter openings.

The Library is opened Tuesday, Wednesday and Thursday 3:30 to 5:30 p. m. and on Saturdays from 9 a. m. to 11:00 a.m.; and 2:00 p. m. to 5 p. m.

The Series E Savings Bond will be 15 years old in May. But the American people are the ones who get the gift - a present with a future.

The cast includes the following: Joyce Nicholson as Penny Prin-

New Tax Deadline Creeping Up On Texas Employers

Several thousand Texas employers are apparently letting a new tax deadline of April 30 creep up unheeded, the Texas Employment Commission warned today.

After that date the employers of four or more people in twenty weeks during the last half of 1955 face possible penalties if they have not filed wage returns with the TEC and paid unemployment taxes for January, February and March.

Forms are available at any local TEC office, the warning added, or can be secured by writing the Texas Employment Commission at Austin.

Those who had four or more people employed for as many as twenty weeks last year became subject to the Texas Unemployment Compensation Program this year. Previously, only employers of eight or more had been affected.

In news releases and by direct mail, the TEC has tried to contact the 30,000 employers who are liable for payroll taxes in 1955. The beginning tax rate is three percent - 2.7 per cent going into the state's unemployment compensation fund. The remaining 0.3 per cent is collected by the Federal Government for administrative purposes. A lower rate is possible later on under the state's program, using the employer's experience as a basis for reduction.

A spokesman for the Commission estimates that more than ten thousand employers have not yet reported.

Miss Ester Peter Dies At La Grange Hospital Tuesday

Miss Ester Peter died at 7:30 a.m. at the Fayette Memorial Hospital in La Grange on Tuesday, April 24.

She had been ill for the past thirty days. Mrs. Peter was a sister of Martin N. Peter, former Cameron business man.

Funeral services were held at the Winchester Lutheran Church at 3 p.m. Wednesday, April 25, with Rev. John Stricker, pastor, officiating. The body was at the Koenig Funeral Home in La Grange until the funeral hour. Burial was in Winchester Cemetery.

Survivors are two sister, Miss Louise Peter, Mrs. Ben Noack, both of Wichita Falls, Mrs. Leo Trusser of Giddings, Mrs. Bill Weneke, Mrs. E. O. Kaiser of Winchester; two brothers, Mar-

gle; Joyce Edmonds as Lydia Pringle, her mother; Don Howard as Caleb Pringle, her father; Tom Collins as Kerry, her boy friend; Nick Nabours as Greg, Kerry's friend; Theodore Henderson as Gram; Betsy Vogelsang as Miss Haskins, a visitor; Johnny Gelner as Mr. Daly, a neighbor; Richard Favor as O'Shane, a policeman; Ben Kennon as Flash, a photographer; Jimmy Colburn as Georgina, a dreamy model; Barbara Mendrik as Susette, a kittenish model; Dorothy Plasek as Hulda, the Pringles' maid.

Mrs. C. L. Canady is director. Penny thinks art is the "most" and her friend, Joanna, backs her up. Kerry who is really "gone" on Penny and Greg who feels the same about Joanna decide that action is needed. They plot with the family and decide that they will all go in for art. Mr. Pringle takes up the sax while Mrs. Pringle takes up dancing and "capers about expressing her soul in the dance." Greg bellows operatic arias while Kerry takes up painting and starts looking for models. The outcome is hilarious.

A LUCKY PENNY is a play everyone should see. Come out May 1 and be prepared for a night of "side-splitting" fun.

Church Women To Hear Sandman In May 4 Meeting

A May Day Fellowship of the United Church Women of Cameron will be held at the Methodist Church at one p.m. on May 4.

"Migrant Ministry" will be the subject discussed by Reverend Robert Sandman of Austin.

The churches represented in the UCW are the Methodist, Episcopal, Christian and the Presbyterian.

Luncheon will be prepared by the ladies of the churches. Mrs. Mable Robinson, president, said and stressed that all are welcome.

tin N. Peter of La Grange and Walter Peter of Winchester, one sister in California.

Anne Hinyard In College Dance Club of 21 Members

Anne Hinyard daughter of Mr. and Mrs. C. W. Hinyard, 708 East 15th, a member of the Southwest Texas State College Modern Dance Club.

The Dance Club, with 21 members, has made three appearances and will be a part of the Wild West Show troupe in the coming presentation of Irving Berlin's musical "Annie Get Your Gun."

Anne, a physical education major, is a member of Women's Recreational Association, Delta Psi Kappa, Aquatic Club, Tennis Club Phi Epsilon Mu and Allie Evans Literary Society.

A MILAM COUNTY FAMILY was practically wiped out as a result of the accident pictured above. The picture at top shows the remains of a 1955 Chevrolet Station wagon, driven by James Monroe Caywood, 26, a painter of Rt. 1, Rockdale. In the car was his wife Doris Ann, nee Clark, Caywood, daughter of Mr. and Mrs. John Clark, 1102 E. 16th, in Cameron, and two sons, Jimmy 2½ and Bobby 3. All of the family in the car was killed instantly with the exception of Mrs. Caywood who was rushed to the hospital in a Green's Ambulance where she lived only an hour or two. A daughter, Ann, was left in Rockdale with her grandparents.

The truck in the bottom picture was a milk van, driven by A. J. Cloer, 25, of 3316 Bagby Street in Waco and occupied by John Richardson 21 also of near Waco. Cloer was badly shaken by the tragedy but otherwise unhurt, doctors reported. The helper Richardson suffered minor cuts on his lip and thigh but was released after 36 hours of hospitalization. He was attended by Dr. T. L. Denson.

The wreck, investigated by Otis Hilderbrandt and Sheriff Carl Black, from reports the hood of the truck was unfastened and as it proceeded east across the ¾ mile span of the Little River Bottoms another truck was travelling toward him with the Caywood car right behind. As the huge truck passed the milk van the hood of the van reportedly blew up from the suction of the westbound truck. With his vision obscured and in the disturbed state in which the driver found himself under the conditions the milk van went out of control and hit the curb on the north side of the bridge in front of the oncoming Caywood car, officers said. Apparently the Chevrolet Station Wagon ran under the front end of the truck at the moment it bounced into the air, sheering off the front wheels of the truck. The wheels vaulted over the railing of the bridge and fell into the bottom below. The station wagon came

to a halt more than 100 feet from the scene of the collision.

The Caywoods were reported to have been enroute to Waco crippled children's hospital with little Jimmy who was a poliomyelitis victim.

An aunt of John Richardson, the drivers helper on the milk truck, belonging to Pure Milk Company of Waco, is Mrs. Oram Talafuse, 102-D College in Cam-

SMALLE RTOWNS — personnel.

At a meeting of the Chamber of Commerce Board of Directors Friday Oxsheer Smith, president of the Citizens National Bank said that if anyone doubts that Cameron has the investment money for worth while and productive ventures then look at the more than \$5 million dollars invested here in American Telephone and Telegraph Company stock.

The Industrial Committee of the board was charged with the responsibility of studying ways and means of building an industrial May Horstmann reasoned that "time payments" far outrun cash transactions in America today and felt that a program which was set up collect monthly payments. Thus Mr. Horstmann concluded that Cameron could best finance a long range industrial program with monthly payments into a fund. He stressed his point of view by pointing to the wider spread of the investment as having its merit.

PRECINCT — and is about the only voice the average citizen has in selecting a Presidential nominee. In Texas the Democratic party has a precinct convention in each voting

to a halt more than 100 feet from the scene of the collision.

The Caywoods were reported to have been enroute to Waco crippled children's hospital with little Jimmy who was a poliomyelitis victim.

An aunt of John Richardson, the drivers helper on the milk truck, belonging to Pure Milk Company of Waco, is Mrs. Oram Talafuse, 102-D College in Cam-

box. These precinct conventions elect delegates to the County Convention which in turn elect delegates from the county to the State Convention and likewise from the state on to the National Convention. Delegates elected at the precinct convention or at any convention should be those who will represent all the people and not special interests. Chairman McClaren sees this method to be the most democratic and representative way.

Interest in Precinct Conventions this year seems to be of county-wide nature and this is a good stimulating sign that people are becoming more interested in their government, Chairman McClaren revealed.

The County Convention will be held three days later on May 8, 1956, at 8 p.m. in the district courtroom, at the county courthouse in Cameron. Notices of this convention have also been posted by the chairman. Keep these two important dates in mind: May 5, precinct convention; May 8, county convention.

WOLVES —

lected in the form of contributions and if you have ever suffered losses because of wolves, then you cannot afford not to cooperate and contribute to this program.

Although he has succeeded in eliminating 17 wolves, Morgan points out that he still has a lot of territory to cover in Milam County. He says that the wolves are widely distributed and if let alone they will soon over-run the county. He also stated that many farmers and ranchers have not reported their livestock losses. He urges farmers and ranchers to report losses because this is the best way of locating the travel paths and the hideouts of the wolves. The Farm Bureau, Judge Charles C. Smith, Leo Fuchs, F. W. Vogelsang or Mr. Morgan should be contacted.

"It is very important to get them now, because they are having their young" says Morgan. A wolf litter varies from 4 to 12 pups; if the females are destroyed now the pups will die. If the females are allowed to rear their young, they will leave the den area around the first of July and start bringing food to the den. Toward the last of July they will start traveling with their parents to water holes. By the first of October they will be capable of traveling wherever the parents go. At this point, a great deal of destruction begins. The young are taught to kill and destroy much more than they actually can eat. Mr. F. W. Vogelsang has had a

great deal of experience with this happening on his turkey ranch, and he, along with many others, knows how expensive wolves actually are.

Morgan has trapped in several Central Texas counties and knows that the wolves can be controlled. In Caldwell County he killed over 100 wolves. Certainly we do not want the wolf population to get this bad in our county, and it will not if we continue to cooperate with our state trapper, Clifford Morgan.

13 HAVE —

ional District 11, Commissioners, Precinct 1 and Precinct 3 and the Associate Judge Third Supreme Judge 1 District; also the County Surveyor.

County offices not up for reelection this year due to the amendment passed in 1954 are: County Judge, County Treasurer, County Clerk, District Clerk, all Justice of Peace, Commissioners Precinct 2 and 4 along with the County Superintendent of Public School who has a regular four year term.

Candidates are reminded that the deadline date is 12 midnight, Monday, May 7, 1956. Box 8 Cameron is the chairman's address.

Elections will be held in all of the 45 voting boxes this year the same as in 1954. The recent order of the county court does not affect the democratic primaries.

The primary election in the city of Rockdale will be held in the City Hall, the usual voting place, since a considerable amount of money was spent two years ago installing voting booths.

COUNCIL VOTES —

and police departments. He recommended this as good reading and food for thought by all who care to read it.

It was made clear by members of the commissions that their intent was that this council and all in the future be enabled to combine departments as they see fit.

Under the new setup the Health Officer is made a staff member to sit with and advise the council on policy regarding the health of the city and leave details of administration to the City Secretary.

An ordinance was ordered adopting the new chart as prepared by Councilman Thomson. The move to adopt was unanimously passed.

The newly appointed health officer, Dr. David Shapiro, voiced strong protest to the open toilet with emphasis on the ones which are within 100 feet of sewer line. The incidence of disease attribut-

Rockdale and living with her grandparents. Following this session of school she will remain with her grandparents Caywood and the John Clarks of Cameron.

Funeral services were held at 4 p.m. Friday from the Chapel of the Phillips and Luckey Funeral Home in Rockdale with Reverend A. F. Russell of the First Baptist Church, Cameron assisted by Rev. William B. Waldrop of Rockdale.

POLICE CHIEF —

each summer is all the proof necessary to warrant their condemnation the Physician said. Implementing the protest of the Health officer immediately upon motion of Councilman Brady and second of Councilman Mondrik it was decided unanimously to survey the sewer connection list to determine those who are within the prescribed limit of 100 feet and are not connected. The full purpose and intent of the motion being to enforce connection to the main with sanitary commodes.

TEACHERS —

trators universally favor paying all teachers according to ability and what they produce, while schoolroom teachers favor the Gilmer Aiken eleven payment. There are just more teachers than administrators."

Morgan Layfield, high school principal was asked his opinion by board member Dr. David Shapiro, as to which he felt was more necessary a school-room teacher or a coach he answered by reaffirming a former statement that the need was for schoolroom teachers. Wiley Loughmiller, grade school principal concurred.

The matter of definite policy laid down by the school board was placed high on the needs of the system by Superintendent Hanes. "Nobody wants established policy more than we administrators - you set the policy and if we can't carry it out then get someone who can," Hanes said, and added "A good understanding prevents mis-understanding."

A motion offered by Dr. David Shapiro limited the extent of leaves of absence to one year but guaranteed a job for the teacher at the end of the leave. The motion seconded by trustee Earl Curtis carried unanimously.

All motions made by the board members will be turned in to the secretary in writing as a result of a motion by Dr. Shapiro. Suggestion for the procedure was made by Superintendent Hanes. This motion carried unanimously.

In one interlude Trustee Humble interposed the question "Have we stastics to show where other schools pay coaches more than administrators and added, admitting the question is now moot, aren't we placing wrong values on the things our children are taught?" "I believe that people are thinking more in terms of the Three R's now said Humble.

Salaries paid above the Gilmer Aiken payments now total \$7,077 in the Cameron schools.

Board Promises Library Worthy Of City As Fund Drive Planned

"To establish and maintain a library worthy of Cameron and its citizens," was the guiding principal enunciated at a meeting of the Library Board Monday night.

The decision which grew out of the discussion on how to create and maintain such a library was to set up a committee for the purpose of canvassing the town on a block by block basis at an early date, under the lead of Dr. George Bowman to seek donations which would help the board meet the avowed aim.

Plans at the Monday night meeting were tentative but Bowman and his committee composed of Miss Natalie Bynum, Mrs. Harry Haraway and Bill Wallace are expected to have completed plans to present to the next meeting of the board on next Monday night, April 30.

Goal set by the board members present is \$2,500.

Those present at the Monday night meeting were Miss Bynum, president, Mrs. Bess Triggs, Mrs. Gillis, Mrs. Harry Haraway, secretary, Mrs. John Henderson, reporter, W. C. Wallace and Oxsheer Smith.

HOUSTON NURSE AWARDED CANCER FELLOWSHIP—Miss Catherine Carruth of Houston (above left) is shown receiving an award for study in cancer from Mrs. L. E. Dudley (right) president of the Texas Federation of Women's Clubs. The award, a six month's fellowship for study at the Vincent Memorial Laboratory of the Massachusetts General Hospital in Boston, Massachusetts, was made possible through the Texas Federation of Women's Clubs contributions to the scholarship fund of the Texas Division of the American Cancer Society. Miss Carruth will receive training as a cytologist and return to work with Dr. William T. Arnold of Houston in the diagnosis of gastric lesions and malignancies from smears taken from hospital patients.
